

5 ACCESORIES

A large wide of accessories can be supplied by STURDOS:

Foot valves, backpressure valves, relief valves, safety valves, calibration pots, flow meters, mixers, tanks.

Thanks to its important partnership with other big companies STURDOS can supply mixer, tanks and other items don't present in or production line, at very competitive prices.

Below the accessories directly from our production:

Backpressure valves

Code - Material	Max. Pressure	Connections female
BVV (pvc)	1.5 bar	3/8" - 1/2" - 3/4" - 1
BVA (s.s.316l)	1.5 bar	3/8" - 1/2" - 1

Relief valves

Code - Material	Max. Pressure	Connections female
LVV (pvc)	8	3/8" - 1/2" - 3/4" - 1
LVA (s.s.316l)	10"	3/8" - 1/2" - 1

** 10 bar for 3/8" and 1/2" / Max 5 bar for 1"*

Foot valves with filter

Code - Material	Capacity	Connections
FVF.*B (pp)	up to 700 liters/h	1/4"f - 3/8"f - 3/4"f - 1"f
FVF.*A (s.s.316l)	up to 700 liters/h	1/4"f - 3/8"f - 1/2"f - 3/4"f - 1"f
FVF.*F (pvdf)	up to 700 liters/h	5/8"m - 3/4"m - 1 - 1/2"m

** Indicate the number of the connections: FVF38B for example*

Injection valves

Code - Material	Capacity	Connections
INJV.*F	up to FGM41	1/4" f - 3/4" m

** Indicate the number of the connections: INJV14F for example*

Safety valve for pump-head

STURDOS provides the solution to save the pump-head and the pump from the block of the delivery.

The SVH, consisting of the support on which to install the BVV safety valve, saves the pump from any obstruction that could cause it to break.

The SVH must be installed between the head and the GVM discharge valve, and in case of closure upstream of the delivery valve, the support conveys the liquid dosed by the pump through the safety valve, safeguarding the integrity of the pump.

Code - Material	Max. Pressure	Connections** female
SVH12G10 (pvc)*	10 bar	3/8" - 1/2"
SVH1G8 (pvc)	8 bar	3/4" - 1"

**In the code, after SVH is indicated the connection (12 is 1/2") and the set safety pressure.

**In reference to the output of the safety valve.

Tanks, mixers, flow meters, and more other accessories are available for all your needs.
